

REMARKS

Claim Objections

Claim 1 stands objected to as containing minor informalities, but the claims are indicated as being otherwise allowable.

Claim Amendment

By this Amendment, Applicant has amended claim 1 to obviate the outstanding informalities objected to by the Examiner. Specifically, the hollow cavities in the upper and lower casing are now identified as first and second hollow cavities, respectively, and the hollow cylinder is defined as being inserted into the first and second hollow cavities. In addition, the paragraph describing the hollow cylinder has been relocated so as to appear before the paragraph describing the coil.

It is believed that these amendments overcome the outstanding informalities noted on page 2 of the outstanding Office Action.

Summary

In view of the foregoing amendments and remarks, Applicant submits that this application is now in condition for allowance and such action is respectfully requested. Should any points remain in issue, which the Examiner feels could best be resolved by either a personal or a telephone interview, it is urged that Applicant's local attorney be contacted at the exchange listed below.

Respectfully submitted,

Date: February 13, 2006
